

Sensohive is looking for a Online Marketing Intern

Be part of a really interesting international journey in an awesome tech startup company!

YOUR TASKS

- Support the marketing team with ongoing projects
- Optimize conversions across our online marketing channels
- Set up online marketing campaigns
- Improving SEO
- Write and optimize content
- Track marketing initiatives
- Update presentations, e.g. sales decks
- Design and print of marketing materials

YOUR QUALIFICATIONS

- Experience in Online Marketing & SEO
- Strong communication, editing, and writing skills
- Flair for design and graphics
- Excellent communication skills in English (it is a + if you speak more languages)
- Ability to comprehend and communicate complex tech-related content

YOU AS A PERSON

- Self-driven and proactive
- Curious and open-minded
- Entrepreneurial mindset (and not afraid to fail) with a 'can do' attitude
- Willing to learn - and good at learning
- Positive and enthusiastic
- You are able to work both creatively and analytically - independent and in teams

PRACTICALITIES

- Internship (unpaid): up to 37 h/week

ABOUT US

Sensohive develops and sells wireless sensors and applications with the aim of making it easy to collect, analyze, and understand data.

OUR CLIENTS

We serve multiple markets and clients all over the world ranging from very small restaurants to multinational construction companies like NCC, Skanska, and Besix.

Our clients are located in more than 50 countries - and you will be taking part in developing new awesome solutions to our clients together with the rest of the team.

HOW TO APPLY
